

National Seminar on Road Safety: Safer Road That Save Lives

17 February 2021

Conference Hall, Project Bhawan, Ranchi

Supported by :
Road Safety, Departement of Transport, Govt. of Jharkhand

Overview – About the Seminar

Number of road accidents are being taken place in Jharkhand state resulting in the loss of thousands of people's life, in addition to economic losses to the society. Dept. of Transport, Govt of Jharkhand is organizing a national seminar on road safety on 17th February, 2021 at Ranchi with the participation from reputed organization in the field of road safety. This seminar intended to bring all stakeholders in road safety under one platform and also to devise the strategy for improving the road safety conditions in Jharkhand state by community participation. As Road Safety Month is being observed in the entire country including Jharkhand, this seminar is being organized on the last date of this road safety month to take the momentum forward.

Objectives

1. To bring all stakeholders of road safety under one platform.
2. To devise strategy for improving road safety in Jharkhand State.
3. To improve the capacity building of road safety stakeholders in Jharkhand.
4. To learn best practices in road safety across the country and globe.
5. To facilitate linkage and coordination between the various road safety enforcement agencies.
6. To improve the after-road accident service to road accident victims.

Key Participants

- Resource persons form reputed organizations
- Senior officers of Govt. of Jharkhand
