Register New/Old PUC Centre

Center Details

State * Jharkhand Office * RANCHI

PUC Centre Name * RANCHI PUC Application Id JH190911U0000000

(This Application ID will be generated from above series)

Authorised Person * TEST

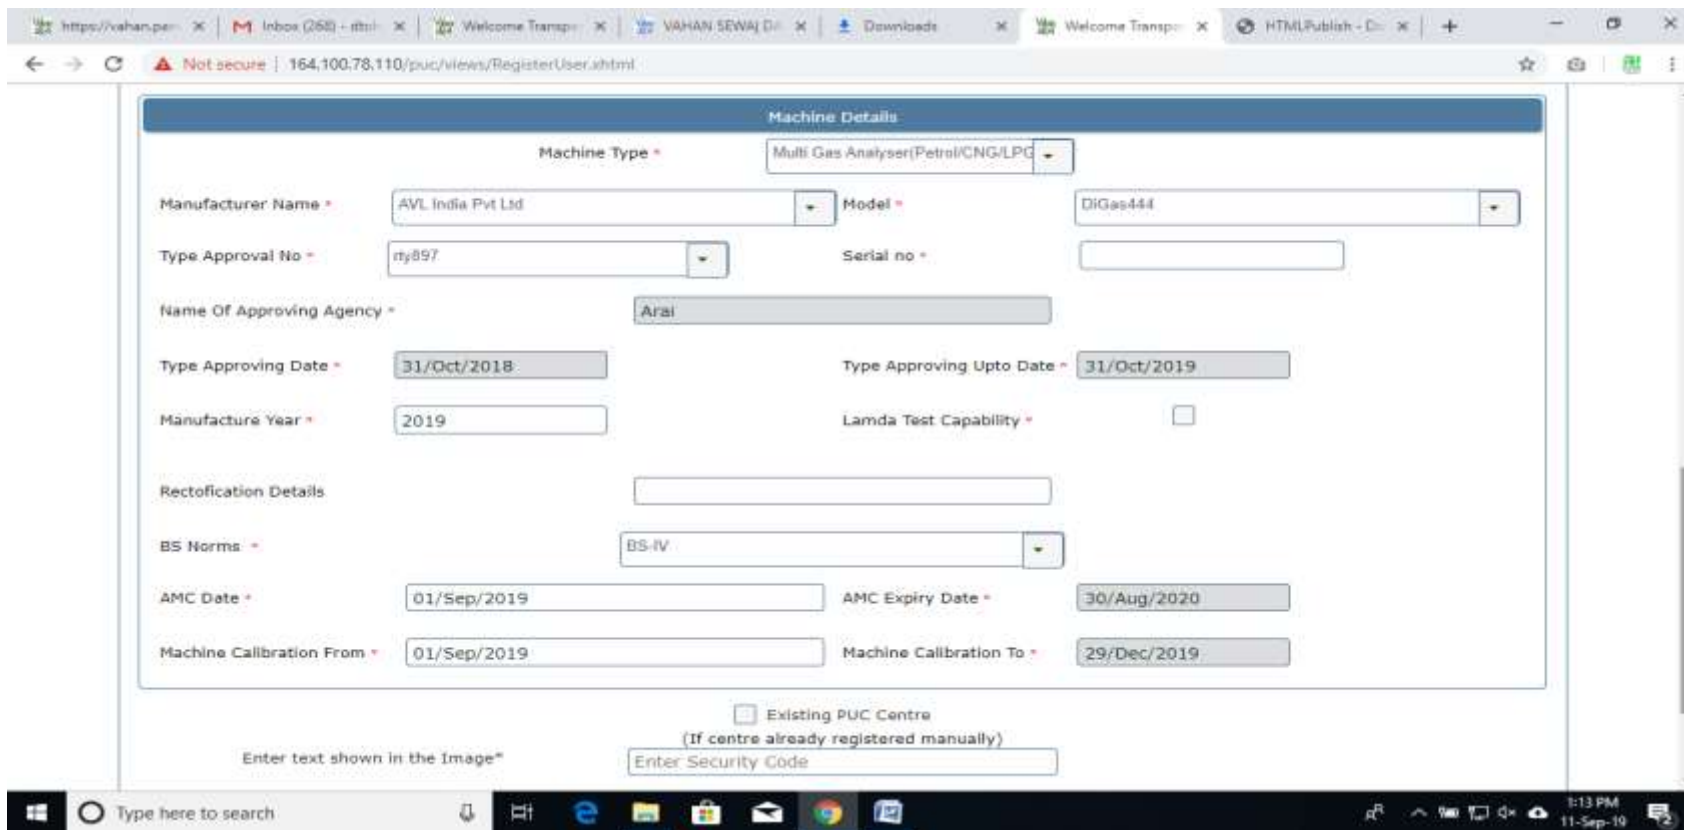

Station Address

Station Address 1 * RANCHI Station Address 2 * RANCHI

Station Pin Code * 834005

Windows taskbar: Type here to search | 1:13 PM 11-Sep-19

Continue.. Fill Form, fields like Centre Details, UserId/Password and Machine details etc then Click on [Save].

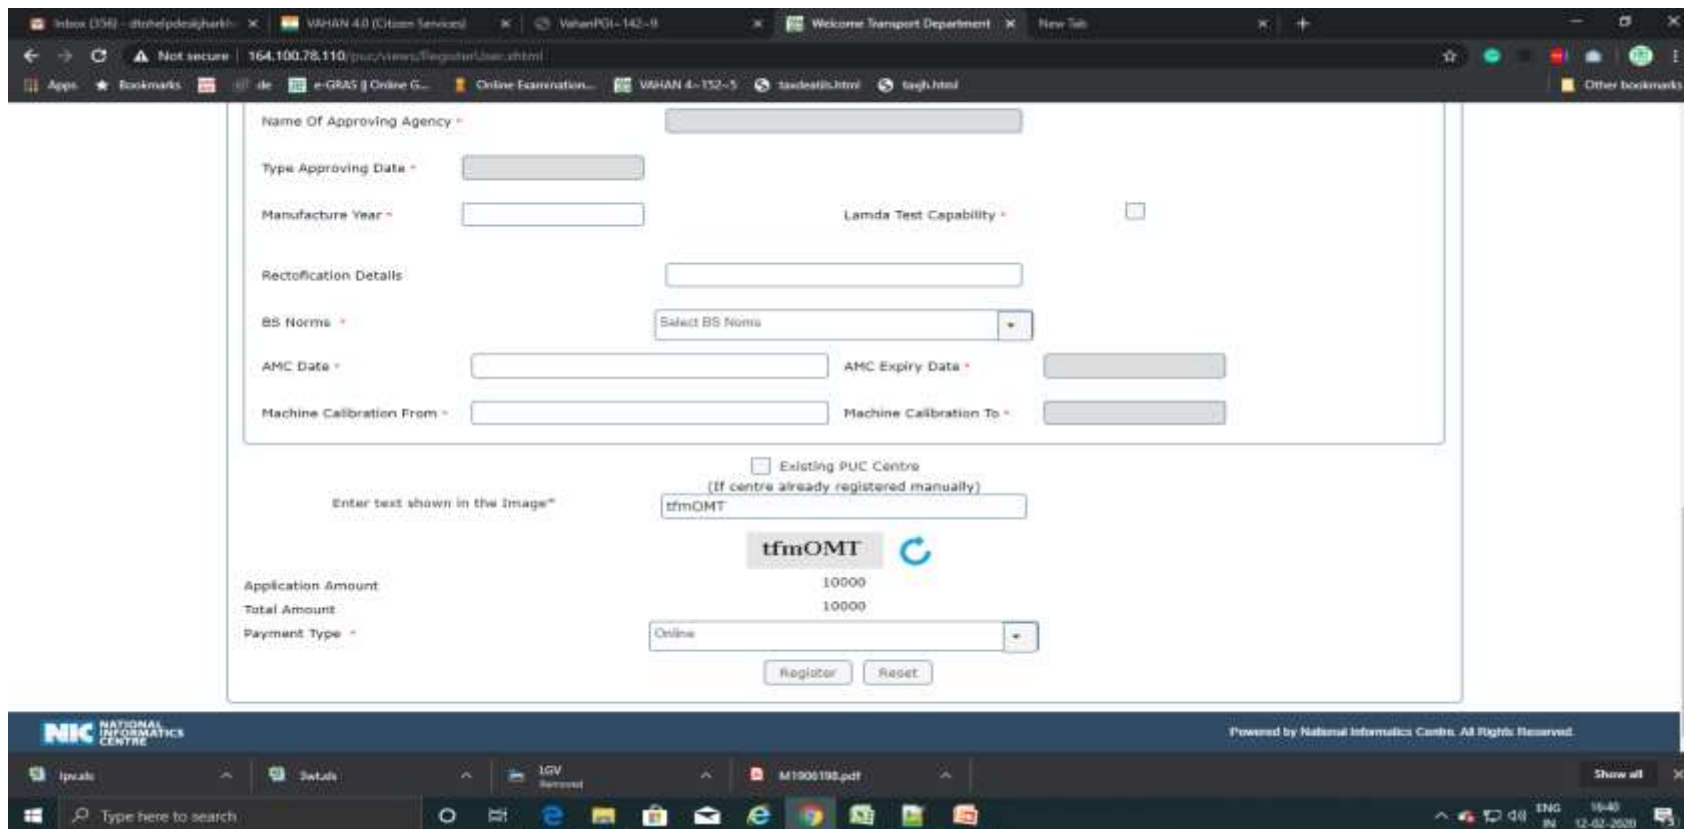

The screenshot displays a web browser window with the URL <https://vahan.sewa.jharkhand.gov.in/puc/views/RegisterUser.xhtml>. The page is titled "Machine Details" and contains a form for registering a machine. The form fields are as follows:

- Machine Type ***: Multi Gas Analyser(Petrol/CNG/LPG)
- Manufacturer Name ***: AVL India Pvt Ltd
- Model ***: DiGas444
- Type Approval No ***: ny897
- Serial no ***: (empty)
- Name Of Approving Agency ***: Arsi
- Type Approving Date ***: 31/Oct/2018
- Type Approving Upto Date ***: 31/Oct/2019
- Manufacture Year ***: 2019
- Lamda Test Capability ***: ☐
- Rectification Details**: (empty)
- BS Norms ***: BS-IV
- AMC Date ***: 01/Sep/2019
- AMC Expiry Date ***: 30/Aug/2020
- Machine Calibration From ***: 01/Sep/2019
- Machine Calibration To ***: 29/Dec/2019

At the bottom of the form, there is a checkbox labeled "Existing PUC Centre" and a text input field labeled "Enter Security Code".

Step 2: Online Payment of Rs.10000/-

The screenshot shows a web browser window with the URL 164.100.78.110/jpr/vms/registerUser.html. The form is titled "Welcome Transport Department" and contains the following fields and options:

- Name Of Approving Agency *
- Type Approving Data *
- Manufacture Year *
- Lamda Test Capability *
- Rectification Details *
- BS Norms * (Select BS Norms)
- AMC Date *
- AMC Expiry Date *
- Machine Calibration From *
- Machine Calibration To *
- Existing PUC Centre (if centre already registered manually) ☐
- Enter text shown in the Image* (Image shows "tfmOMT")
- Application Amount: 10000
- Total Amount: 10000
- Payment Type * (Online)
- Buttons: Register, Reset

The footer of the page displays the NIC National Informatics Centre logo and the text "Powered by National Informatics Centre. All Rights Reserved." The Windows taskbar at the bottom shows the date as 12-02-2020.

Step 4: Login with MVI User for Site Verification.

The screenshot shows a web browser window displaying the 'Online PUC Application' portal. The page header includes the Ministry of Road Transport and Highways, Government of India, and the e-Vahan logo. A navigation bar contains links for Home, Register New/Old PUC Centre, Upload Documents, Application Slip, Online Payment, PUC Certificate, PUC Center List, Application Status, ARAI approved Equipment, Notifications, and Help. The main content area features a section about PUC (Pollution Under Control) with an illustration of a car at a PUC center and a list of salient features. On the right, there is a 'Login' form with radio buttons for 'PUC Center User', 'RTO User/ State Admin' (selected), and 'Other User'. The form includes fields for 'User Name' (filled with 'jh01vtest'), 'Password' (filled with '*****'), and a CAPTCHA field (filled with 'on6YQ4'). Below the CAPTCHA is a 'Login' button, a 'Reset' button, and a 'Forgot Password' link. The browser's address bar shows the URL 'https://vahan.p...' and the page is marked as 'Not secure'.

PUC has been recently launched successfully by MoRTH. It shall cater to the thousands of Pollution Check Points across the country. The application captures smoke parameter through API provided by the manufacturer, vehicle number plate through Webcam, and sends OTP to vehicle owner. Subsequently, PUC certificate is issued to the vehicle owner if the pollution emitted by the vehicle (Petro, Diesel, four/two wheeler, trans/non-transport, etc.) is as per norms.

SALIENT FEATURES

- ✓ Integrated Solution: Pollution level check + PUC Issuance + updation of National Database
- ✓ Pollution level Testing of the vehicle, followed by PUC issuance
- ✓ Fully configurable to meet state-wise requirements
- ✓ Facility available for Document Upload
- ✓ Feature for Pollution Control Board: Audit devices periodically, enabling RTO to continue/ cancel

Online PUC Management Systems, best view in google chrome and IE

 PUC has been recently launched successfully by MoRTH. It shall cater to the thousands of Pollution Check Points across the country. The application captures smoke parameter through API provided by the manufacturer, vehicle number plate through Webcam, and sends OTP to vehicle owner. Subsequently, PUC certificate is issued to the vehicle owner if the pollution emitted by the vehicle (Petro, Diesel, four/two wheeler, trans./non-transport, etc.) is as per norms.

SALIENT FEATURES:

- ✓ Integrated Solution: Pollution level check + PUC Issuance + updation of National Database
- ✓ Pollution level Testing of the vehicle, followed by PUC Issuance
- ✓ Fully configurable to meet state-wise requirements
- ✓ Facility available for Document Upload
- ✓ Feature for Pollution Control Board: Audit devices periodically, enabling RTO to continue cancel
